

## Northeast Community College F-1 Student Program Extension

An F-1 student who is currently maintaining status and making normal progress toward completing his or her degree may apply for a program extension if he/she has a compelling academic or medical reason. A “compelling reason” includes such things as a change of major or documented illness that has interfered with full-time study. *This request for a program extension must be filed prior to the program end date on your current I-20.*

Please complete section A of this form and have your academic advisor complete section B. Return to the International Student Advisor in Maclay room 101 for processing.
